

LIFTING PLATFORM ENGINES/TRANSMISSIONS ADAPTOR

MODEL NO: **EVBT05**

Thank you for purchasing a Sealey product. Manufactured to a high standard, this product will, if used according to these instructions, and properly maintained, give you years of trouble free performance.

IMPORTANT: PLEASE READ THESE INSTRUCTIONS CAREFULLY. NOTE THE SAFE OPERATIONAL REQUIREMENTS, WARNINGS & CAUTIONS. USE THE PRODUCT CORRECTLY AND WITH CARE FOR THE PURPOSE FOR WHICH IT IS INTENDED. FAILURE TO DO SO MAY CAUSE DAMAGE AND/OR PERSONAL INJURY AND WILL INVALIDATE THE WARRANTY. KEEP THESE INSTRUCTIONS SAFE FOR FUTURE USE.

Refer to
instructions

1. SAFETY

- ❑ **WARNING!** Ensure all Health and Safety, local authority, and general workshop practice regulations and recommendations are strictly adhered to when lifting or moving heavy loads. The lifting or movement of heavy loads may be dangerous if not undertaken correctly.
- ✓ Familiarise yourself with the application and limitations, as well as the specific potential hazards.
- ✓ Maintain the adaptor in good condition (use an authorised service agent).
- ✓ Replace or repair damaged parts. Use genuine parts only. Unauthorised parts may be dangerous and will invalidate the warranty.
- ✓ To ensure optimal and safe performance, always keep the unit clean and well-maintained. Use only on flat, level, solid ground.
- ✓ Position the unit in a suitable working area, keeping the space clean, tidy, and free from unrelated materials.
- ✓ Ensure there is adequate lighting.
- ✓ Keep children and non essential persons away from the loading/unloading and transporting area.
- ✓ Maintain correct balance and footing. Ensure the floor is not slippery and wear non-slip shoes.
- ✗ **DO NOT** exceed the rated capacity.
- ✗ **DO NOT** use the adaptor with lifting platforms except those it is specifically designed for.
- ▲ **DANGER!** If a heavy load tips or leans, stop what you are doing. Move quickly to a safe distance. **DO NOT** try to hold or steady a heavy load. Failure to follow this instruction may cause serious personal injury or death.

2. INTRODUCTION

Suitable for assisting in many day-to-day workshop tasks such as removing/installing engines, transmissions, fuel tanks and subframes. Heavy-duty steel construction. Multiple adjustments can be made to the lifting saddles. Use in conjunction with Sealey EVBT1200 and EVBT1000.

3. SPECIFICATION

Model No:.....EVBT05
Capacity:..... 1200kg

Minimum/Maximum Length: 240-290mm
Nett Weight: 35.5kg

4. ASSEMBLY

1

Install the sliding bushing into the groove of the slide rail component using positioning screw and fix it with the installation base. The pad component can then move freely within the slide rail groove. The pad component can be locked by using the locking knob.

2

The round pad, combined pad, and square pad can all be installed into the adjustment screw and can be freely matched as needed. The adjustment screw can also be installed into installation base 1 or installation base 2 as required.

3

The slide rail adaptor is composed of 4 parts: the slide rail assembly, the combined pad assembly, the round pad assembly, and the square pad assembly.

4

ENVIRONMENT PROTECTION

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.
